* N/A = Statistics for these subgroups are reported but not included in determining school AYP.
 * I/S = Insufficient sample of less than 40 students (or less than 50 students for LEP and Disabled subgroup performance).
 * Percent Tested Objectives: The percent tested OR the three-year average percent tested must be at least 95%.
 * Performance Objectives: The adjusted percent proficient/advanced (Option 1) OR the three-year average adjusted percent proficient/advanced (Option 2) must meet or exceed 52.3% for ELA and 50.0% for Math. Safe Harbor options include the percent "below proficient" declining by at least 10% (Option 3) OR the performance index meeting or exceeding 84.6 for ELA and 79.0 for Math (Option 4) OR the performance index gain meeting or exceeding the required gain (Option 5). To meet a Safe Harbor option, the graduation rate objective must be met for the subgroup. When a performance objective is met, the first option number met is indicated following the colon after "Yes." If a Safe Harbor option applies but is not met due to the graduation rate objective not being met for the subgroup, the first applicable option number is indicated following the colon after "No."

* N/A = Statistics for these subgroups are reported but not included in determining school AYP.
 * I/S = Insufficient sample of less than 40 students (or less than 50 students for LEP and Disabled subgroup performance).
 * Percent Tested Objectives: The percent tested OR the three-year average percent tested must be at least 95%.
 * Performance Objectives: The adjusted percent proficient/advanced (Option 1) OR the three-year average adjusted percent proficient/advanced (Option 2) must meet or exceed 52.3% for ELA and 50.0% for Math. Safe Harbor options include the percent "below proficient" declining by at least 10% (Option 3) OR the performance index meeting or exceeding 84.6 for ELA and 79.0 for Math (Option 4) OR the performance index gain meeting or exceeding the required gain (Option 5). To meet a Safe Harbor option, the graduation rate objective must be met for the subgroup. When a performance objective is met, the first option number met is indicated following the colon after "Yes." If a Safe Harbor option applies but is not met due to the graduation rate objective not being met for the subgroup, the first applicable option number is indicated following the colon after "No."
 * Graduation Rate Objective: The graduation rate must meet or exceed 88.3% OR the three-year average OR the previous year graduation rate.
