

Exemplary Level Competencies

The Exemplary Level Competencies focus on applying your technology integration skills to leadership and improving professional practices.

Exemplary Level	
EX1	Demonstrate leadership by continual growth in technology knowledge and skills to stay abreast of current and emerging technologies and sharing expertise with others.
	<ul style="list-style-type: none"> ▪ Act as an independent learner in the acquisition of technology knowledge and skills. ▪ Share successful practices and lesson plans.
EX2	Continually evaluate and reflect on professional practice to make informed decisions regarding the use of technology in support of student learning.
	<ul style="list-style-type: none"> • Apply new knowledge and skills to personal productivity and professional practice.

Evidence for documenting the Exemplary Level competencies:

EX 1 Show **evidence of your leadership** in the area of technology integration with **one** of the following:

1. Posting lesson plans on the web to be shared with your colleagues.
2. Presenting a workshop or presentation on the integration of technology in education at a conference or meeting.
3. Publishing an article based on technology integration.
4. Showing that you are a mentor or are using your leadership abilities at your school in the area of technology integration.

EX 2 Take a previously created technology based lesson plan and/or class technology plan and show how you have added additional components or technologies to enhance it. The old plan and the new one with the changes highlighted must be included. A brief narrative explaining the rationale for the changes must be included.
