### State Testing Begins This Week!

There are several ways that you can help your child during the testing period. Make sure that your child:

\*Gets a good night's sleep before testing

\*Has a good (not too heavy) breakfast on the morning of testing

\*Understands that the SC READY and SCPASS tests are opportunities to show what he/she knows

\*Knows that the test covers school work learned throughout the year. Extra study time is not required for the test)

\*Is reassured about the test-taking experience. Students who are calm do better on tests)

Students will not be allowed to have any electronic devices except their school issued testing devices and necessary medical devices during testing. Electronic devices, including Smartwatches, cellphones, calculators, etc. will be collected by the teacher prior to testing

**Please make sure that your child is on time for school on test days. This means students need to ARRIVE at school by 7:25 a.m.**

## In The Spotlight!
