

DISTRICT COMMITTEE SEEKING FEEDBACK ON 2021-2022 DRAFT CALENDARS

The Richland One Calendar Committee, which includes teachers, classified employees, district administrators, parents and a school board member, has developed two draft calendars for the 2021-2022 school year.

Factors considered during the calendar development process include but are not limited to testing dates, holidays, make-up days and the state law mandating that the school year cannot begin before the third Monday in August. The primary consideration is what's best for students from an academic standpoint.

The Calendar Committee is seeking feedback on two 2021-2022 draft calendars (Calendar Draft A and Calendar Draft B) from students, parents, employees and other stakeholders.

Click on the link below to review the draft calendars and take the survey by February 11:
