General Welcome Message

Welcome to Family Connection by Naviance!

Your school's Family Connection site is designed to assist our students with college and career planning. Utilizing the tools in the tabs above will help you to set future goals for yourself, build a professional resume, identify careers of interest, and search for colleges that will enhance your education and allow you to achieve your goals.

Please check out the resources in the tabs above and the links below and reach out to your counselor with any questions or ways in which we can better assist you in achieving your goals.

- **Career Cluster Finder:** The Career Cluster Finder is a questionnaire that helps students discover career clusters that are most interesting to them. Once you complete the Career Cluster Finder, top matching career clusters can be added to your Favorite Careers and Clusters list.
- **Game Plan Survey:** The Game Plan survey is a great way for you to let your counselor know a little bit about yourself, your goals, and your plans for high school and beyond. Your answers can be updated overtime so you can always come back and make adjustments.
- **Success Planner:** Check out your "My Planner" tab where you can set goals for yourself and keep track of upcoming due dates, assignments, and deadlines with your Family Connection Planner.
- **Roadtrip Nation** content: The Roadtrip Nation interview archive is a digital career exploration tool that enables students to discover new pathways, interests, and ambitions. The archive includes more than 3,500 full-length video interviews chronicling the diverse personal stories of leaders who have turned their interests into their life's work.
