Types of Professional Learning Opportunities Offered

Richland School District One promotes various types of professional learning opportunities (PLOs). The district offers face-to-face sessions, competency-based professional learning, modules, and courses. All professional learning offered in the district can be found in our professional learning management system (truenorthlogic) as well as on the [Office of Instructional Services \(OIS\) Professional Learning Opportunities Website](#).

Professional Learning Defined

Professional learning as defined by Learning Forward (formerly the National Staff Development Council) is a comprehensive, sustained, and intensive approach to improving teachers' and principals' effectiveness in raising student achievement. This definition focuses on the staff that has the most direct impact on students' learning, and is consistent with the emphasis of professional learning that is funded and supported by the United States Department of Education.

Professional learning is a planned, purposeful, and sustained system designed by workplace teams and individuals. Educators engage in professional learning in order to develop and/or refine knowledge, skills, and abilities specific to the effective delivery of job-embedded duties and responsibilities that support continuous learning outcomes for all students.

Professional learning serves three, often overlapping functions:

- To improve school performance
- To improve the quality of classroom instruction
- To support the implementation of new initiatives

Effective professional learning:

- Is planned over time, sustained, rigorous and embedded within the context of the school
- Fosters collaboration within schools and across districts
- Uses data to link directly to the school goals
- Is evidence-based and data-driven to guide improvement and measure impact
- Is differentiated and ensures an intensive focus on the teaching-learning relationship

Directions for Registering for Sessions

1. Review the sessions and identify any sessions that may be required and those that are available as a choice.
2. Log into our [Professional Learning Management System](#) (truenorthlogic). Directions for using the system can be found on [page 4](#) of the catalog.
3. Register for the sessions you wish to attend using the session number(s) found in the catalog. You will receive emails from the system confirming registration for each session. You may also log back into the system and view your courses on the main log-in screen.
4. You may change your sessions by withdrawing from the one you no longer want to participate in before registering for the session you want to attend.

Using the APP for Electronic Sign-in Onsite

If you wish to sign in electronically when you arrive to your session, download the Performance Matters app from the Apple App Store or the Google Play Store. You will be prompted to enter a code (**8m3RMS**) and then log in using your district truenorthlogic login information. The app may not be available to download on site or while you are on the district's network.

To use the app, you will scan the barcode located at the top of each sign in sheet.

Renewal Credit

Once the session has been marked completed and you complete the survey in truenorthlogic, credit will be awarded to your transcript.

For those who do not have truenorthlogic accounts, you will manually sign in. You will be added to the session once your account has been created.

PROFESSIONAL LEARNING REGISTRATION

Visit our Professional Learning Management System (truenorthlogic) to register for Professional Learning Opportunities.

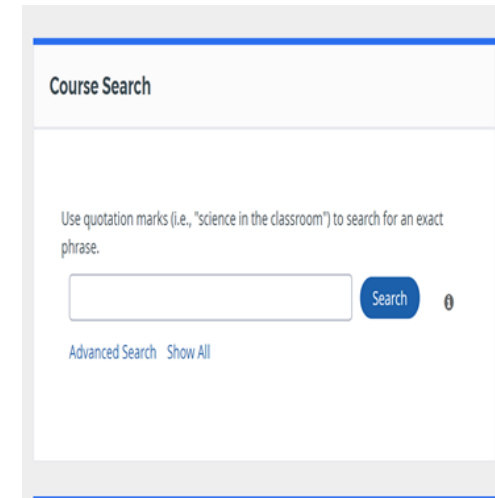

To access our professional learning management system (truenorthlogic), use the following address: <https://richlandone.truenorthlogic.com/U/P/Channel/-/Guest/Login>.

Log in using the same network/computer User Name (first name.last name) and Password.

Follow the steps listed in the Troubleshooting section of the [Professional Learning Management](#) webpage for assistance if you are unable to log in.

If you have questions regarding a specific professional learning opportunity, please make direct contact with the department offering the session.
