

Policy DD Funding Proposals, Grants and Special Projects

Issued 04/21

In order to offer the best educational opportunities possible for students of the district, the board will seek as many sources of revenue as possible to supplement the funds provided through local taxation and the basic aid offered by the state.

The superintendent will notify the board of all funding proposals that are accepted.

The board expects that management of specially funded programs will adhere to all laws, policies, and regulations governing other district programs.

A district routing slip for grants is designated to assist with grant management and will be maintained by the superintendent or his/her designee.

Donations from Private Sources

The district will seek donations of money, securities, property, etc., from private sources for scholarships, staff development, and other educational improvement purposes.

Such gifts will be administered by the superintendent or his/her designee and used in keeping with the terms of the gift or bequest. The board will be informed of gifts accepted.

The board will not accept bequests, endowments, or other gifts if the condition of the gift removes any portion of the public schools from control of the board.

School and District Grant Awards

The district will seek and accept grants from state, federal, corporate, and private sources. All grants sought by the district will be coordinated through the superintendent's designee and approved by the superintendent.
