WHAT WE ARE LEARNING

- * **Math** – number patterns and properties of multiplication
- * **Reading** – use knowledge of text features to be a self-directed reader and thinker
- * **Writing** – informational writing
- * **Science** – Earth material's and processes
- * **Social Studies** – Summarize the development of the Carolina Colony

HOMework

Every child should be reading for at least 20 minutes a night. The reading should be in addition to the weekly article. There has been a monthly reading log (calendar) sent home for students to record their time each night and for parents to initial each day. These are to be turned in at the end of the month.

Reminder: Students need to turn in their October reading logs!

NOTES FROM THE TEACHER

The district is requiring all students to use DreamBox for 60 minutes a week. The students are able to use this educational program at home, as well, to help bring up math scores.

IMPORTANT DATES
