INSTRUCTIONAL RESOURCES

RICHLAND COUNTY SCHOOL DISTRICT ONE
**District Instructional Resources**

The Office of Learning Environments and Instructional Resources (LEIR) is responsible for the vetting, evaluation and monitoring of all instructional resources that support teaching and learning. Please find below a list of district instructional resources that can be accessed online. A description of these resources, expectation for usage and its targeted audience is provided.

For additional information regarding digital instructional resources, please contact Andrea Lance at (803) 231-6795 or Dr. Erica Fields at (803) 231-6799.

<tr>
<th>Resource</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>ALEKS</td>
<td>* <strong>Assessment and Learning in Knowledge Spaces</strong> (ALEKS) is a web-based, artificially intelligent assessment and learning system. ALEKS uses adaptive questioning to quickly and accurately determine exactly what a student knows and does not know in a course. ALEKS then instructs each student independently on the topics he/she is most ready to learn. As a student works through a course, ALEKS periodically re-assesses the student to ensure that topics learned are also retained. ALEKS courses provide topic coverage and do not include multiple-choice questions. A student who shows a high level of mastery of an ALEKS course should be successful in the actual course he/she is taking. ALEKS also provides one-on-one instruction, 24/7, from virtually any web-based computer or device. All 6th grade – High School Probability and Statistics students are expected to complete a minimum number of topics learned weekly as established in the district protocol for mathematics. The protocol establishes the expectation addressing the intervention tier diagnosed to meet student success.</td>

Secondary Resource

**Target Audience:** Grades 6 – 12

Please see the lead math facilitator at your school for username and password information.
| **BookFlix** | *BookFlix* is an online literacy resource that pairs classic video storybooks from Weston Woods with related nonfiction eBooks to reinforce reading skills and introduce children to a world of knowledge and exploration.  

**Elementary Resource**  
**Target Audience:** Grades PreK – 3  
**Login Directions**  
Go to: [http://www.rcsd1.org/schools/bookflix/](http://www.rcsd1.org/schools/bookflix/)  
Choose your school from the Drop-down menu  
Or Click “BookFlix Remote Access” |
|---|---|
| **Discovery Education Streaming** | * Discovery Streamline Plus – Discovery Education is a K-12 resource available to all subject area teachers with text, video, audio and interactive resources that are standard aligned and can be directly assigned to students in the classroom. Teachers can build, share or find pre-made lessons or activities and assign these to students directly through the Discovery platform. Teachers can use Discovery to personalize learning opportunities for students. This resource can be used as a whole class, small group or individual resource to meet the needs of all learners. Included in this resource is the opportunity for students to participate in virtual field trips that are offered throughout the year and for teachers to find new strategies to use in the classroom.  

**Elementary and Secondary Resources**

Please see your school Curriculum Resource Teacher for username and password information.

| Dreambox | * **DreamBox** Learning is an interactive, adaptive, self-paced program that provides engaging activities for students to learn and practice skills in mathematics. It delivers "learning units" where students learn and practice important mathematical concepts with an emphasis on conceptual understanding and algebraic thinking. Students in grades K-5 have access to this resource. Students are required to use Dreambox at least 60 minutes per week.

**Elementary Resource**

**Target Audience:** Grades K – 5

Please see your school Curriculum Resource Teacher for username and password information. |
| Edgenuity | *Edgenuity* is a provider of online and blended learning solutions including online courses, credit recovery, intervention, test preparation, and more.  
Secondary Resource  
Target Audience: Grades 6 – 12  
Please see your school Curriculum Resource Teacher for username and password information. |
|---|---|
| ExploreLearning  
Gizmos | Gizmos is a secondary science resource that is aligned by indicator in district curriculum documents. Teachers should plan personalized blended lessons that incorporate this resource to meet the varying needs of students. **Gizmos** can be used with whole class, small group or individual instruction based on the needs of students. Teachers can edit resources provided with each Gizmo to meet the needs of their classroom.  
Secondary Resource  
Target Audience: Grades 6 – 12  
Please see the lead science facilitator at your school for username and password information. |
<table>

| HMH Math Inventory (MI) | **Math Inventory** is a research-based, adaptive math assessment that measures math abilities and longitudinal progress from Kindergarten through Algebra II. Teachers can access reports of students’ data to better understand students’ progress and needs, possible intervention strategies, and ensure students are on a reliable path to college and career readiness. Math Inventory is administered to students in 1st-8th grade 3 times per year.  
**Elementary and Secondary Resource**  
**Target Audience:** Grades 1 – 8  
*Universal screening given 3 times per year  
Please see your school Curriculum Resource Teacher for username and password information. |
| HMH Reading Inventory (RI) | **Reading Inventory** is an adaptive student assessment program that measures reading skills and longitudinal progress from Kindergarten through college readiness. Teachers can access a range of meaningful student data and reports and analyze results to better understand students’ progress and needs, possible intervention strategies, and ensure students are on a reliable path to college and career readiness.  
**Elementary and Secondary Resource**  
**Target Audience:** Grades 3 – 9  
*Administered Fall, Winter, and Spring as a universal screener  
Please see your school Curriculum Resource Teacher for username and password information. |
**Learning A-Z**

**Learning A-Z** is a blended learning platform that combines teacher-led whole-class and small-group instruction with technology-enabled resources for personalized reading practice. All resources are accessible online and available in printable, projectable, and digital formats. Within Learning A-Z, there are multiple products such as Reading A-Z, RAZ Kids, Science A-Z, Vocabulary A-Z and Ready Test.

| Read 180 | **READ 180 Universal**: READ 180 Universal is a 6-12 blended learning solution that accelerates learning for struggling readers by merging the latest research in brain science, adaptive technology, professional development, and knowledge for school and life. READ 180Universal’s interactive content helps put learning into context for all students, allowing them to build background knowledge essential for success. It represents a cross-disciplinary journey toward development of content knowledge for both school and life. Middle level teachers have access to READ 180 Stage B, while high school teachers have access to READ 180 Stage C. This resource is intended to be used as a TIER III intervention.

**Target Audience:** Grades 6-12 teachers

*Please see your school Curriculum Resource Teacher for username and password information.* |

| **System 44** | **System 44 Next Generation:** The System 44 Model for Blended Learning combines adaptive technology and teacher-led instruction to help students become proficient readers, writers, speakers, and critical thinkers. System 44 provides students with intensive intervention and a supportive learning environment that the most challenged readers urgently need. As a foundational reading program, students are given instruction on phonics, decoding, reading, and writing skills practice. This resource is available to middle and high school teachers and is meant to be used as a TIER III intervention with students who score 600 or below on the Reading Inventory and are given the Phonic Inventory.

*Target Audience:* Grades 6-12

*Please see your school Curriculum Resource Teacher for username and password information.*

| **TeachingBooks.Net** | **TeachingBooks.net** is an online database of thousands of multimedia resources you can use to explore children's and young adult books, and their authors for grades 6th-8th. These resources can be used by teachers, students, librarians, and families to explore children's books and young adult literature and their authors. While most of the book readings on TeachingBooks.net are audio excerpts of a book, there are many books also being read.

### Truenorthlogic

*The district’s professional learning management system is **Truenorthlogic**. All professional learning offered by the district (face-to-face, modules, and micro-credentials) is to be entered into the system. All staff in Richland One are expected to use this system to register for professional learning opportunities. Staff may also upload any external professional learning/training they have attended as External PD Credit to be placed on their transcript.

**Target Audience:** All district staff (certified and classified)

**Log in Directions:**
