

August 4, 2022

Dear Greenview Families,

Welcome to the 2022-2023 academic year! I hope that you had a wonderful summer. It is an honor to serve as principal of A.J. Lewis Greenview Elementary, where excellence is the only option for our scholars.

The elementary years are a very important time of development for students. I look forward to working together with you to make this school year successful for your scholar. We will host monthly parent/community meetings this year. Our initial sessions will focus on our school priorities and building parent engagement through our Parent Advisory Council, Parent Teacher Organization (PTO), and School Improvement Council (SIC). We will also offer literacy events for families, which will help you become better informed about your child's learning and achievements.

We want this school year to be exciting and rewarding for all students. But, more importantly, we want all our students to experience academic success. I also ask that you actively partner with us in increasing the academic progress of your child by doing the following:

1. Ensure that your child attends school ***on time and is ready to learn daily***. All students should be at school by 7:30am daily.
2. Monitor your child's reading and **homework assignments daily**. Ensure your child **reads for at least 20 minutes** a night.
3. Attend parent-teacher conferences to discuss your child's progress and performance with their teachers.

The first day of school for kindergarten through fifth-grade students is Tuesday, August 16. The school day will begin promptly at 7:30am. Students may arrive at school as early as 7:00am. Please join our passionate team of teachers Thursday, August 11 at 5:30pm for the Back to School Meet and Greet.

Thank you for the opportunity to serve your families, and I look forward to a successful 2022-2023 school year.

Sincerely,

Dr. LaShaunda Evans

Principal
