

# 5th Grade Classroom E- Learning Update

April 6, 2020

## Message to Parents

Hello Parents,

As we embark on another week outside of the physical school structure, we the Fifth Grade Team continue to encourage you to remain steadfast and accommodating to our students during this time of uncertainty. Everyone is now aware that we will not return to school for the remainder of the school year unfortunately but understandably.

By this time many of us may have been coping with remote learning and have adjusted to this “new normal”. As a team we continue to provide interactive Math and ELA virtual classes each week along with your daily assigned work in the packet.

We urge you to remain committed and stay knitted as a family and continue to use this time to bond with each other and to create long lasting memories.
