

# 5th Grade Classroom E- Learning Update

April 6, 2020

## Message to Parents

Hello Parents,

We the fifth grade team of teachers are aware that families across the country are adapting to the new changes in our daily lives . Parents and other caregivers are faced with helping our students adjust to the new normal. We thank you!

Remote Learning is used to keep children occupied and an attempt to keep students learning. Our goal is to ensure students are successful throughout this process. Teachers will be providing Zoom lessons each week for Math and ELA. Students are encouraged to log in and actively participate in these lessons.

We are aware that many of you are working from home or facing job uncertainty . During this time we encourage you to address fears, praise success, allow time for fun and take care of yourself and your family. If you have any questions please feel free to contact us. We are here to help!

REMINDERS: Please follow your child's teacher on Classdojo

April 10-17, 2020
