

5th Grade Classroom E- Learning Update

March 31, 2020

Message to Parents

Parents,

The fifth grade team wanted you to know that even though we can't make it into the school building, learning is still taking place. We are willing to ensure that all students are successful. Teachers will be providing Zoom lessons each week for Math and ELA. Students are encouraged to log in and actively participate in these lessons.

Also during this time, be sure to take time to build memories. Students will never forget this moment in history and will talk about this time for years to come. Tell old stories, corny jokes and let them know that they are loved. Continue to build that confidence that through it all they will continue to succeed. Please be reminded that their teachers are here to support you through this process.

REMINDERS: Please follow
your child's teachers on
ClassDojo
