<p>Khan Academy Math: Focus on Math skills that you find interesting and engaging.</p> <p>This is our final week of work. I'd like you to spend it doing math you find challenging but fun.</p> <p>Complete 4 lessons and 4 practice pages.</p>	<p>Reading Reading A to Z or any book of your choice: Choose books of interest, read for at least 30 minutes. Write a TDA style review.</p> <p>ReadWorks: Choose articles that you will find enjoyable. Complete the questions for 2 articles.</p> <p>Grammar Khan Academy has Grammar lessons to explore!</p> <p>Writing Workshop Try to wrap up a story. Plan to share it on Thursday or Friday.</p>	<p>Check ClassDojo for the link to Nature:</p> <p>The Molecule that Made Us Episode 2: Civilizations https://www.pbs.org/video/episode-2-civilizations-xz6bnb/</p> <p>Respond to the episode using the TDA style review format, or a PowerPoint</p>	<p>Plan to discuss with me your log of the following:</p> <p>How will you stay healthy through the summer?</p> <p>Think about the things you have been considering: diet, exercise and screen time. How will you prepare for next year over the summer? Try to maintain healthy habits so you're in great shape when the new school year begins.</p> <p>You don't need to turn this in unless you want to. You can think about it, or write about it.</p>
