eLearning Newsletter #2

Dear Parents,
I hope you guys are finding joy in the midst of this time. I know it's not easy, so here is a tidbit to help you! Again don't hesitate to contact me!

Keep routines in place

The experts all agree that setting and sticking to a regular schedule is key, even when you're all at home all day. Kids should get up, eat and go to bed at their normal times. Consistency and structure are calming during times of stress. Kids, especially younger ones or those who are anxious, benefit from knowing what's going to happen and when.

Reading Packet 1, Section 2 Lesson 1 pp.55-67 & Math Packet pp. 9-10 should be finished by Friday, April 9,2020

Focus on reading is on Characters.
& math focus is Understanding Addition and Subtraction Word Problems
