

3/16/2020

Dear Parents,

Thank you for being your child's first teacher!

Please have your child log into iReady each day and complete 15-20 minutes a day for both Math and Reading. Their computer log ins and iReady log ins are below. Also, please have them write their progress on the iReady Tracking Sheet that is attached. It is also uploaded to the school's website.

In addition, they need to read 15-20 minutes each day. This can be done silently or to somebody like you, a grandparent, a sibling, or a friend. There is a Reading Log attached that they should record their books, and it is uploaded to the school's website.

For writing, they need to write at least 5 sentences each day. Please make sure they are using correct beginning and ending punctuation, and that they put a date on each day of writing. They can write more than 5 sentences, and I would love to see some illustrations. This can be done on notebook paper or kept in a notebook.

We are in the process of receiving iReady work packets that go along with the online lessons. As soon as I have them and they are ready, I will call you.

You may pick up computers beginning Tuesday, March 17 from 9:00-1:00 in the cafeteria. Only 10 parents at a time will be allowed in the cafeteria for health reasons.

Thanks so much!

Melanie Maas
