***Richland School District One School Board Policy JLA – Student Insurance Coverage requires that all students participating in athletics and/or auxiliary sports-support related activities purchase accident insurance provided through the school district. Richland School District 1 carries athletic accident insurance on all its athletes, intended to be an "excess" policy designed to pay secondarily to the athlete's primary health insurance. In the event of injury, while participating as a part of a SCHSL sanctioned sports team representing Richland One, the athlete should seek the attention of the sports medicine staff as soon as possible. The athletic trainer (high school) or school official (middle school) will fill out the top portion of the insurance claim form (aka Notification of Injury Form). The parent/guardian should complete the claim form, follow the attached directions, and mail the completed form to the insurance company.** **Please note the claim must be filed within 90 days of injury.**

I understand this information and will notify the head athletic trainer prior to the doctor's appointment if I require a claim form for an injury that meets the above requirements.

CONSENT FOR MEDICAL TREATMENT/RELEASE OF INFORMATION

I/We give consent for certified athletic trainers, coaches, and physicians to use their own judgment in securing medical aid and ambulance service in the case the parents/guardians cannot be reached. In the event of an accident requiring immediate medical attention, I herby grant permission to physicians, certified athletic trainers, and/or appropriate healthcare professionals to attend to my son/daughter. It is understood that the school cannot be held responsible for any medical bills incurred because of illness or injury. Furthermore, I/We give permission for our son/ daughter to be evaluated and treated by the school's certified athletic training staff and/or team physicians if he/she becomes injured while participating as an athlete in Richland One during the school year. I/We also authorize the school's sports medicine staff to be given medical information concerning my son/daughter by a physician or their staff. Likewise, the school's sports medicine staff may release medical information to physician's offices, coaching staff, nurses, administrators and faculty within Richland One as they see appropriate. I also commit to reporting ALL injuries to the Sports Medicine Staff, including but not limited to any symptoms related to a concussion. I also understand that the sports medicine staff will follow a return to play protocol for all injuries.

CONSENT TO PARTICIPATE IN ATHLETICS AND RISK WAIVER

As the parent or legal guardian of the above named student-athlete, I give my permission for his/her participation in athletic events and the physical evaluation for that participation. I understand that this is simply a screening evaluation and not a substitute for regular healthcare. I grant permission to nurses, certified athletic trainers and coaches as well as physicians or those under their direction who are part of athletic injury prevention and treatment, to have access to necessary medical information. I know that the risk of injury to my child comes with participation in sports and during travel to and from play and practice. I have had the opportunity to understand the risk of injury during participation in sports through meetings, written information or by some other means.

Parent/Legal Guardian Name(s):_____

□ We have read the *Student-Athlete & Parent/Legal Guardian Concussion Information Sheet.*
If true, please check box.

After reading the information sheet, I am aware of the following information:

Student-Athlete Initials		Parent/Legal Guardian Initials
	A concussion is a brain injury, which should be reported to my parents, my coach(es), athletic trainer, or a medical professional if one is available.	
	A concussion can affect the ability to perform everyday activities such as the ability to think, balance, and classroom performance.	
	A concussion cannot be "seen." Some symptoms might be present right away. Other symptoms can show up hours or days after an injury.	
	I will tell my parents, my coach, athletic trainer, and/or a medical professional about my injuries and illnesses.	N/A
	If I think a teammate has a concussion, I should tell my coach(es), parents, athletic trainer or medical professional about the concussion.	N/A
	I will not return to play in a game or practice if a hit to my head or body causes any concussion-related symptoms.	N/A
	I will/my child will need written permission from a physician to return to play or practice after a concussion.	
	Based on the latest data, most concussions take days or weeks to get better. A concussion may not go away right away. I realize that resolution from this injury is a process and may require more than one medical evaluation.	
	I realize that ER/Urgent Care physicians will not provide clearance for return to play from this injury on the day they are injured.	
	After a concussion, the brain needs time to heal. I understand that I am/my child is much more likely to have another concussion or more serious brain injury if return to play or practice occurs before concussion symptoms go away.	
	Sometimes, repeat concussions can cause serious and long-lasting problems.	
	I understand that I will have to complete a graduated return to play and have written permission from a physician before I will be able to return to my sport per the school's concussion management policy.	
	I have read and received the concussion symptoms on the Concussion Information Sheet.

INFORMED CONSENT, RELEASE OF LIABLIITY, ASSUMPTION OF RISK FOR COVID-19

_____ **(Student Participant)** desires to participate in the Richland County School District One ("District") athletic program. I, _____ **(Parent/Guardian/Student 18 or older)**, for myself and my child, understand and agree as follows regarding risks associated with COVID 19 pandemic:

1. **Voluntary Participation**: I voluntarily elect for my child/Student Participant to access and use the District's premises, facilities, and equipment, and on other school districts' properties in the course of participating in the athletic activity, so that my child may participate in the District's athletic program. I voluntarily elect for my child/Student Participant to receive athletic instruction and training from District employees and volunteers. I understand that if I do not feel it is safe or appropriate to begin in-person workouts at this time, the student participant will be allowed to return to team activities without repercussions when I feel it is appropriate to do so, and the student participant may participate without mandatory attendance requirements during the summer period.

   I understand that student participants who either have pre-existing medical conditions that place the Student Participant at higher risk of infection, or those who do not want to risk contracting COVID-19, should refrain from participating in high school sports at this time.

2. **Acknowledgment of Risk:** I warrant that I am fully aware of the inherent risks of infection from the COVID 19 virus and pandemic, among other communicable diseases, in all public spaces, and particularly in recreational facilities such as those used by the District for its athletic programs. I understand that use of the District's premises, or other premises and locations, and participation in athletic activities may result in an increased risk of exposure to COVID 19 because of, among other things, the sharing of equipment, close contact with other individuals during many athletic activities, and the prevalence of high touch surfaces inherently associated with the activities, the increased respiration and emission of respiratory droplets associated with physical exertion, the use of water bottles and other personal use objects, and the inherent and natural interaction and sharing behaviors of students.

   I understand that COVID 19 is considered a highly contagious virus that may have serious health consequences that could result in prolonged hospitalization, permanent injury, and even death, and the potential spread to other individuals, including other household members, and I acknowledge that such risk cannot be fully mitigated or controlled.

3. **No Warranty:** I understand that the District will make reasonable efforts to comply with guidelines of South Carolina Department of Education, South Carolina High School League, Centers for Disease Control, South Carolina Department of Health and Environmental Control. However, the District cannot eliminate the risk of exposure to COVID 19, or guarantee that the facilities and athletic activities will be free of COVID 19; that faculty, staff, and volunteers will be or will remain free of infection; or that infected and contagious students or their families will not be present on the premises or participating in the activity. Accordingly, the District cannot and does not warrant, guarantee, or offer assurances that individuals will not be exposed to COVID 19 while on the premises or engaged in athletic activities, or that individuals will not then expose others to COVID 19.

4. **Assumption of Risk**: I understand and acknowledge that my or my child's access and use of the premises, facilities, equipment, and participation in the activities involve inherent risks to me or my child, and I understand the District has no control over these risks, nor the ability or duty to eliminate such risks, and even strict adherence to guidelines cannot eliminate risk. Consequently, for myself, and for my child, I assume such dangers, risks, and hazards by participating in athletic activities at this time.

5. **Indemnification, Waiver, Release**: I hereby waive, release, discharge, and hold harmless the District, including its employees, Board, directors/officials, officers, agents, and volunteers from any and all liability associated with any injury to the Student Participant, including personal injury or illness or even death, loss of income or educational opportunity, property damage, and all losses, damages, expenses, liabilities, or claims of any nature arising out of, related to, or in any way connected to the Student Participant use of the premises, facilities, and participation in the activities.

6. **Other Acknowledgements**:

   a. I represent that I have the authority to give this Informed Consent, Release of Liability, Assumption of Risk for the Student Participant's participation in the District's athletic program and use of District premises and facilities. I am the parent/legal guardian of the Student Participant, or I am 18 years of age or older, and have the unrestricted right to enter into this Informed Consent, Release of Liability, Assumption of Risk.

   b. I have received a copy of information on COVID 19, including FAQ Regarding Return to Team Sports and Guidelines for Return of High School Sponsored Team Sports and shall abide by them and make all reasonable efforts to equip and instruct my child to abide by them at all times while on the District's premises, or while otherwise engaged in the athletic activity, even on other districts' premises, for purposes of participating in the District's athletic program.

   c. I agree that in the event that the Student Participant or any member of our household tests positive for COVID 19, is informed by a health care provider that that the Student Participant or member of my household is likely symptomatic for COVID 19 infection, or otherwise becomes aware of information that a reasonable person should in good faith recognize as indicating exposure to COVID 19, I will immediately notify the District.

   d. I hereby give consent for emergency transportation and treatment in the event of illness or injury, and I accept responsibility for the payment of any emergency transportation or treatment on behalf of my child.

   e. To the best of my knowledge I further certify that my child is in good physical condition and has no medical or physical conditions that would restrict his/her participation in this event.

MY SIGNATURE BELOW INDICATES THAT I HAVE READ THIS **INFORMED CONSENT, RELEASE OF LIABILITY, ASSUMPTION OF RISK**; I FULLY UNDERSTAND ITS TERMS; I UNDERSTAND THAT I AM WAIVING RIGHTS BY SIGNING IT; AND I HAVE SIGNED IT FREELY AND VOLUNTARILY. I INTEND MY SIGNATURE TO BE A COMPLETE AND UNCONDITIONAL RELEASE OF LIABILITY TO THE EXTENT ALLOWED BY LAW.

CONCUSSION INFORMATION SHEET

FOR STUDENT-ATHLETES & PARENTS/LEGAL GUARDIANS

SC Bill H3601: South Carolina State Law requires all SCHSL athletes and their parents/legal guardians to be given an information sheet on concussions which informs of the nature and risk of concussion and brain injury and the risks of returning to play after sustaining a head injury. This document serves as an informational sheet to be kept by the parents or guardians for future referral.

What is a concussion? A concussion is an injury to the brain caused by a direct or indirect blow to the head. It results in your brain not working as it should. It may or may not cause you to black out or pass out. It can happen to you from a fall, a hit to the head, or a hit to the body that causes your head and your brain to move quickly back and forth.

How do I know if I have a concussion? There are many signs and symptoms that you may have following a concussion. A concussion can affect your thinking, the way your body feels, your mood, or your sleep. Here is what to look for:

Thinking/Remembering	Physical	Emotional/Mood	Sleep
Difficulty thinking clearly	Headache	Irritability-things bother you more easily	Sleeping more than usual
Taking longer to figure things out	Fuzzy or blurry vision	Sadness	Sleeping less than usual
Difficulty concentrating	Feeling sick to your stomach/queasy	Being more moody	Trouble falling asleep
Difficulty remembering new information	Vomiting/throwing up	Feeling nervous or worried	Feeling tired
	Dizziness	Crying more	
	Balance problems		
	Sensitivity to noise or light		

Table is adapted from the Centers for Disease Control and Prevention (http://www.cdc.gov/concussion/)

What should I do if I think I have a concussion? If you are having any of the signs or symptoms listed above, you should tell your parents, coach, athletic trainer or school nurse so they can get you the help you need. If a parent notices these symptoms, they should inform the school nurse or athletic trainer.

When should I be particularly concerned? If you have a headache that gets worse over time, you are unable to control your body, you throw up repeatedly or feel more and more sick to your stomach, or your words are coming out funny/slurred, you should let an adult like your parent or coach or teacher know right away, so they can get you the help you need before things get any worse.

What are some of the problems that may affect me after a concussion? You may have trouble in some of your classes at school or even with activities at home. If you continue to play or return to play too early with a concussion, you may have long term trouble remembering things or paying attention, headaches may last a long time, or personality changes can occur once you have a concussion, you are more likely to have another concussion.

How do I know when it's ok to return to physical activity and my sport after a concussion? After telling your coach, your parents, and any medical personnel around that you think you have a concussion, you will probably be seen by a doctor trained in helping people with concussions. Your school and your parents can help you decide who is best to treat you and help to make the decision on when you should return to activity/play or practice. Your school will have a policy in place for how to treat concussions. You should not return to play or practice on the same day as your suspected concussion.

You should not have any symptoms at rest or during/after activity when you return to play, as this is a sign your brain has not recovered from the injury.

This sheet is for your records and personal use, please retain.
