

Kids Heart Challenge All School Communication

School Newsletter/Website:

Hello Families! Our school is proud to partner with the American Heart Association's Kids Heart Challenge program. Your child will have the opportunity to be a heart hero by learning about heart health, social and emotional learning, and raising funds to help children with heart issues. Together, with your child, go to www.heart.org/kidsheartchallenge to sign up and take one of the three health challenges. You can also register by using the free mobile app "Kids Heart Challenge." Once your student registers and takes the health challenge, your student will receive a glow in the dark wristband! With your donations you can start collecting your own heart heroes! In addition to helping the American Heart Association, our school can earn free PE equipment. Our school goal is \$3000. All donations are due by Friday, February 22, and our Hoops for Heart event day is Friday, February 22. Thank you for helping a great cause!
