Pastry & Baking Program Application Packet for Students and Parents

PROGRAM OVERVIEW

COURSE DESCRIPTION

Baking & Pastry

Course # 572300CD

Grade: 10-11

2 units

PUT YOUR CHEF HAT ON! Baking and Pastry is a required course for the Baking and Pastry completer program. Baking and Pastry provides students an opportunity to develop foundational skills needed for a seamless transition to a postsecondary program, workforce, or military. Students will develop advanced skills in safety and sanitation in addition to management and professionalism. Concepts are aligned with competencies from the American Culinary Federation (ACF) Education foundation assessment, ACF Retail Commercial Baking Certification. Integration of the Family and Consumer Sciences student organization, Family Career and Community Leaders of America (FCCLA) provides leadership and entrepreneurship experiences. Participation in the career & technology organization SkillsUSA provides the students an opportunity to compete and display professional baking techniques.

This course prepares students for gainful employment and/or entry into postsecondary education in the food production and service industry. Content provides students the opportunity to acquire marketable skills by examining both the industry and its career opportunities. Laboratory experiences simulate commercial food production and service operations. Students will begin a two-year program called ProStart sponsored by the National Restaurant Association.

This program includes the industry-driven curriculum designed by The Educational Foundation of the National Restaurant 123 Association to teach, test and award industry recognized certificates to students meeting high standards in hospitality education and articulation with various culinary institutes. Students who complete the requirements of the two-year Pro-Start program are awarded an industry-recognized certificate. This is the ProStart National Certificate of Achievement. To earn the certificate, students must pass two national exams, demonstrate a mastery of foundational skills and work 400 mentored hours. Students volunteer for 200 hours and acquire 200 hours of paid employment.

Students may begin earning these hours upon enrollment in this class. All students must provide the instructor with proof of medical coverage. Students are required to be in full uniform (chef coat, pants, apron and hat) during labs. Students are strongly encouraged to join the student organization Family, Career, and Community Leaders of America (FCCLA). Eligible students may be nominated by their instructor to join the National Technical Honor Society.

Dress Code/Attire

Students participating in the culinary arts are **REQUIRED** to wear a uniform provided by instructor - black pants, , chef jacket, hat, apron, and scarf for lab participation. This will allow students to be safe in the lab and adhere to business and industry standards. Students will be required to purchase rubber-soled, non-slip, closed toe shoes recommended by instructor (\$50.00). Proper uniform and safety equipment must be worn every day for participation in program activities.

Other factors that will be considered for acceptance:

- Teacher recommendation
- GPA
- Attendance

Heyward Career and Technology Center
Pastry & Baking Program Application Packet for Students and Parents

- Disciplinary referrals
- Interview
