

# AC FLORA FRESHMEN ORIENTATION WEEK 2020

Greetings Freshmen Families!

We know that the transition to high school is a big part of your child's life, and we want to make it as smooth as possible! In a "normal" year, AC Flora holds Freshmen Orientation on campus for a full day prior to school starting. Obviously this year will be a bit different, but we hope to get your freshman as much information as possible, and get them excited for high school! In addition, our Freshmen Orientation is entirely planned and coordinated by our Falcon Student Council. They have worked hard to adapt and change our normal plans to what you will experience next week, and we are proud of our student leaders' dedication to welcoming our newest Falcons!

With all that in mind, we will be having **Freshmen Orientation Week next week, August 24<sup>th</sup>-28<sup>th</sup>**. Each day, we will be releasing information, videos, tips, and more to help our newest Falcons learn more about the school. You'll be introduced to students, teachers, administrators, and counselors, all while getting some great advice from upperclassmen and faculty members. Here's what you need to know!

## **How can I participate in Freshmen Orientation Week?**

Each day we will send freshmen-specific information to freshmen emails, freshmen parent emails, and also post everything on our Student Council Instagram account @acfloraspirit. We will also be posting each day's topics, videos, and information on our school web site at [flora.richlandone.org](http://flora.richlandone.org).

## **When should I watch the videos and access the information?**

Anytime! We have structured the week so that you can view the information how you want and when you want. We will release new information each morning and you can check it out on your schedule throughout the day or at any point during the week. We have divided the information up into simple, short chunks so that you can access it at home, on the go, or wherever is best for you!

## **What if I have questions?**

We've got you covered! We will send out a form specifically for freshmen and their parents, and we will compile answers to the most frequently-asked questions, and release those next Friday. Don't be shy! No question is a bad question!

We do realize that many freshmen (and freshmen parents!) will have many questions about this unusual and unique year. We are here to help! We hope that you will join us next week and reach out with any questions you have. Any questions about Freshmen Orientation Week should be directed to Fletcher Spigner at [fletcher.spigner@richlandone.org](mailto:fletcher.spigner@richlandone.org).

Thanks and Go Falcons!
