Greetings Falcon Families!

We have a few updates for you as we get settled into our new routine.

COMMUNICATION: If you know of anyone who is *not* receiving these emails/phone calls from AC Flora and Richland One, please encourage them to contact Abbi Dew, our Student Data Coordinator, at abbi.dew@richlandone.org to update their telephone and email contact information. We want to make sure everyone is getting information from the school while we are out. We also are posting all information that is sent home on our [school web site](#).

MEAL DISTRIBUTION: As you can imagine, Richland One Nutrition Services is assessing the needs of our students on a daily basis during this time. With that in mind, if there are any students/families who may not be able to get to a meal site due to transportation issues or parents working, we are asking that you please contact the school at **803-738-7300**. We will need the following information from you when you call: ***Student Name, Address, Bus Number***

In addition, if you know of any students/families who may be unable to get to a designated meal site, please encourage their parents to call the school and provide the above information. Right now, the district is trying to identify any gaps or areas of need so that they can be filled and addressed. The meal distribution plan is being constantly assessed and we appreciate your patience, understanding, and help as we look to ensure that all of our students have meal access during this time.

HEYWARD CLASSES: If your student takes classes at Heyward Career and Technology Center, please visit the [Heyward eLearning site](#) for information about what Heyward teachers are requiring during this time. Please contact your teacher at Heyward for more information and clarity if you have any questions at all.

FLORA ELEARNING: We continue to update the [eLearning portion of our Flora web site](#) with valuable info from each teacher about their assignments. We ask that you access your teacher's lesson plans and assignments and contact them directly with any questions or concerns. Our teachers absolutely understand that there is a period of adjustment and are fully prepared to help their students navigate this new learning format.

Thank you for being flexible and patient as we work through this together. There will certainly be more updates as we move forward. Please do not hesitate to contact us if you have any questions at all. We are happy to help!

Thanks and Go Falcons!
