GENERAL INFORMATION UPDATES: We are constantly updating the [AC Flora Web Page](#) with information for you and your families. Please check it often during the time we are out. In addition, please check your district-issued email address (the one you are likely reading this on) daily. We know that many of you have/use other email addresses, but please take the time to make this one easily accessible on your device, phone, etc. if at all possible.

FRIDAY, MARCH 20TH: Just to clarify, we have a teacher and student holiday tomorrow, Friday, March 20th. This means your teachers will not be available during their normal "office hours." But please note that meals will still be available from 11:00 am to 1:00 pm and the district IT Help Desk is also still available by calling 803-231-7436 anytime between 7:00 am and 5:00 pm.

A/B DAY ASSIGNMENT SCHEDULE: After some initial confusion, we can say with certainty that **we are operating on our normal A/B schedule**. This means that, in general, you should be doing your work for each A-Day class on A-Days, and your work for each B-Day class on B-Days. Your teachers will be flexible with you during this initial period of adjustment and it is possible that there may be some initial overlap depending on your assignments and schedule. This is OKAY and we are all getting adjusted to this together! If you need clarification on the schedule, just head on over to our web site. All the information you need is there.

TEACHER ASSIGNMENTS: If you need to see what your teachers are assigning for you to do, please [click here](#) and find your teacher by their subject area. If you have trouble accessing the assignments, then just [email your teacher](#) and they will be happy to help you.

SCHOOL COUNSELORS: Please know that your School Counselors are available for you. Please visit the [School Counseling Web Page](#) for information on how to navigate your studies during this time, contact your counselor, and more!

If you have any questions at all, just let us know. Your teachers, counselors, and administrators are here for you even if we are not seeing you every day. We want you to be safe, successful, and healthy while we are out, and we are here to help you do just that! We hope to see you soon!

Thanks and Go Falcons!
