

Instructions for Students and Parents/Guardians
SPRING 2021 VIRTUAL AUDITION INSTRUCTIONS FOR
GIFTED AND TALENTED THEATRE
For current 5th through 7th Grade Students

RICHLAND ONE is one of a few districts in our state that offers Gifted & Talented Artistic Dance and Theatre programs in all of our middle and high schools. The purpose of the dance and theatre education process in Richland School District One is to provide students with a rigorous and balanced approach to learning through critical thinking and creative problem solving. This process involves a discipline-based approach with experiences in the production, appreciation, and knowledge of dance and theatre. Experience is gained through an understanding of the developments in history and culture, the development of judgements about dance and theatre, and the practical applications of dance and theatre practices.

There are three (3) student parts of the virtual audition:

- Improvisation with prompts; and
