Dear Parents or Guardians,

Your student has the opportunity to take the ACT® or the SAT® one time at no cost, paid for by the state. The ACT and the SAT are college entrance exams used by some colleges and universities in admitting students.

Taking either test is optional. These tests will be administered during the school day. In order for students to be best prepared to take the tests, the student should be currently enrolled in or have completed at least three units of English (English 1 and higher); three units of mathematics (Algebra 2 and higher); two units of science (Biology 1 and Physics); and two units of social studies.

If you feel your student is prepared and want your student to take either the ACT or the SAT at no charge, please place a check mark in the box beside your choice and return this form to your student's school. If you do not want your student to take either exam, please place a check mark in the fourth box.
