Note 1: The district rate excludes charter schools. Pre-kindergarten students are excluded from this analysis per SCDE guidelines.

Note 2: All data were calculated from 180-day SASI (before 2011) or PowerSchool (2011 and after) data. Rates may differ from SCDE accountability data (135-day), but SCDE accountability methodology based on 180-day data was used for this analysis. Data is subject to change based on SCDE methodology changes.

Note 3: MMBA closed in the 13-14 school year. Hall Institute became an alternative program during the 16-17 school year.

Note 4: * In 2018, changes in PowerSchool attendance procedures and underlying data issues for secondary schools caused rates that may be inaccurate.
