Note 1: For the change columns, green indicates an increase, red indicates a decrease and yellow indicates no change or not applicable.

Note 2: During the 2019-2020 school year, only the Fall 2019 administration of the EOCEP assessment took place.

Note 3: The English 2 EOCEP assessment was not administered prior to 2020.

Note 4: Due to the COVID-19 pandemic, students whose parents did not allow them to come into the building for test administration were able to use their score from the TE21 Practice Test to count as the regular test score in place of the EOC exam during the 2020-2021 school year.

Note 5: Per SCDE, districts and schools should use caution in interpretation of assessment results for this school year (2020-2021) due to testing conditions as a result of the pandemic. Results should not be interpreted in the same way as results from other school years. While the administration of this test is state mandated, some families did not feel comfortable bringing their child in for testing.

When participation rates are low, the summary results may not be representative of the district or school populations.
