| CSI | 15.1 | 5.7 | 25.2 | 34.5 | 23.4 | -11.1 | 8.3 |
| Middle College | 12.7 | 8.9 | 7.9 | 8.1 | 14.8 | 6.7 | 2.1 |

Notes: Data calculated from 180-day PowerSchool data. Chronically absent students are defined as students enrolled at least 10 days who missed at least half the school day for 10% or more of the days enrolled during the school year. Numbers may differ slightly from SCDE reports, but this methodology closely matches that of SCDE's Office of Student Intervention Services. Decreases are desirable and increases undesirable for this measure. (*) Be cautious when interpreting data because COVID-related issues likely affected the rate of chronic absenteeism.
