

How Teachers can run an assessment score report for a class in Enrich TestView

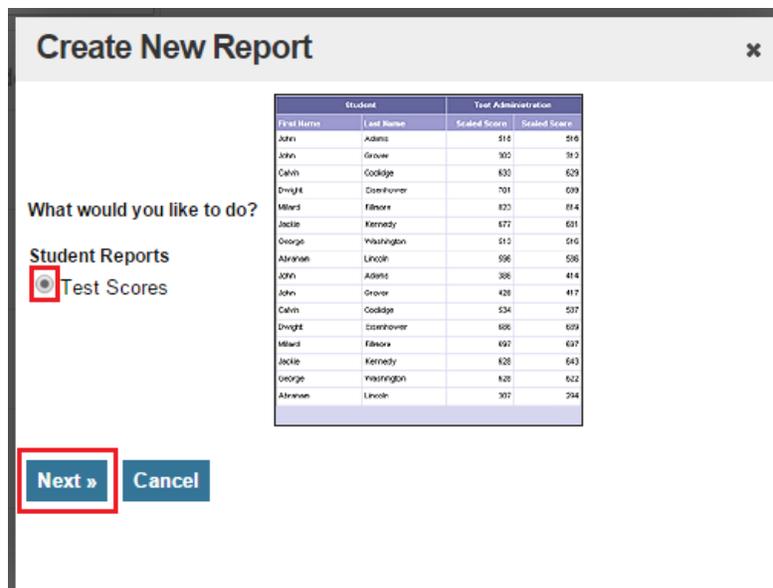

1. Login to Enrich (<https://enrich.richlandone.org>).
2. Click on a class from “My Classes” (bottom, center of screen):

3. Now you should see a list of students on the left under “Current Roster.” On the right side of the screen, click on “Custom Report” from under “Test Score Reports.”

4. Select “Test Scores” from the box and click “Next.”

5. Give the title a descriptive name:

What would you like to name your report?

17. Click “Run.”

18. Now you should see a table with student names and assessment scores listed.

19. At the top of the page you have a few options:

View Report

 Edit Criteria  Save  Save As...  Print  Export  Add to student group

- **Edit Criteria:** This will allow you to change the information that is displayed on the report (example: if you need to add another assessment or change the variables that are being displayed).
- **Save:** This will save the report in Enrich so that you can reuse the template later. Make sure that the report has a descriptive title before you save it. If you need to change the title click “Edit Criteria.”
- **Print:** This will allow you to send a copy of the report to your printer. Because the tables are often cut off when printed directly from Enrich, this is not the best way to print your report.
- **Export:** This will export the table into Excel. From here you can filter and format the table as you wish (for optimal printing).
