

College Test-Prep Resources

ACT

The ACT (American College Testing) is a standardized test used for college admissions in the United States. It is currently administered by ACT, a nonprofit organization of the same name. The ACT test covers four academic skill areas: English, mathematics, reading, and science reasoning. It also offers an optional direct writing test. The ACT is scored with a composite of one to 36 based on average scores from the four test sections, each of which is also scored from one to 36. [Wikipedia](#)

Albert io (<https://www.albert.io>)

Albert is the established industry leader in Advanced Placement®. With the largest library of standards-aligned and fully explained questions in the world, Albert thoroughly prepares students for their exams. All AP students have access to Albert io. The ACT® and SAT® test hundreds of concepts and standards.

- Advanced Placement AP® tests are college-level exams on specific subjects and are administered in May upon the completion of an AP course taken at a student's high school. At many colleges and universities, a high enough score will earn the student college credit. In some instances, earning college credit can mean an overall lower college tuition bill.
