

LRHS CHORAL DEPARTMENT

THANK YOU!

Mr. Alphaeus Anderson of Greenville, South Carolina and MUSIC2CHANGEU, served as this year's Artist In Residence through the Arts in Basic Curriculum Grant. He shared with our students musically and spoke to our Performing Arts Department about turning creativity into cash. Our students had the opportunity to showoff some of their creativity as well. The students enjoyed and some even created a plan where they are already receiving cash for their creativity in the art areas. Alphaeus shared some of the careers that we find in the commercial music world and how there are ways to generate income in the industry without actually being present. The Masterclass and 1-on-1 sessions were great for our students and also a good way to network.

THANK YOU ALPHAEUS ANDERSON AND THE ARTS IN BASIC CURRICULUM GRANT!
