

Domain		Lesson Title
Math		<ul style="list-style-type: none"> • Understanding Addition and Subtraction Word Problems • Understanding Addition and Subtraction of Multi-Digit Numbers • Understanding Place Value Concepts and Regrouping • Understanding Length
Objective(s):		
<ul style="list-style-type: none"> • I can count on and add greater than 10 • I can use and make a 10 to subtract • I can subtract two-digit by two-digit with regrouping • I can read and write three-digit numbers • I can compare three-digit numbers 		
Learning Standard:		
<p>1.ATO.1 Solve real-world/story problems using addition (as a joining action and as a p-whole action) and subtraction (as a separation action, finding parts of the whole, and as a comparison) through 20 with unknowns in all positions.</p>		
Learning Activities:		
Day 1	<ul style="list-style-type: none"> • Ask the children to solve and add the equation either by drawing objects/ lines, counting blocks, and or counting up using fingers to get the sum (pp 3-4) 	

Day 2	<ul style="list-style-type: none"> • Ask the children to supply the missing addend first, then get the difference. (pp 5) • First, read together with your children the problem. Then write the mathematical equation asked in the problem. • **Hint: Look for the missing addend for each problem. (pp 6) (pp 7 - is for more practice, but optional)
Day 3	<ul style="list-style-type: none"> • Ask children to subtract by regrouping (pp 14)
Day 4	<ul style="list-style-type: none"> • Ask children to find the value, read, and write three-digit numerals (pp 17-19)
Day 5	<ul style="list-style-type: none"> • Ask children to compare three-digit numbers by supplying the missing number (pp 20)
Learning Link(s)	Due Date:
<ul style="list-style-type: none"> • <i>Activity per day are printed out and included in the packet provided but online resource/s can be accessed through this link below</i> • https://capubstore.blob.core.windows.net/athomepdfs/ready-at-home-activity-packets-student-math-grade-2-2020.pdf
