March 15, 2020

Dear Parents and Students,

With the precautionary school closings from COVID-19, we hope that you will work to ensure continued growth and success for our special education students using internet based learning program iReady. The iReady learning program will provide ongoing personalized instruction in the areas of reading and mathematics as identified in your child's IEP.

Over this break please ensure that your child access these lessons as much as possible. iReady can be accessed on most laptops, tablets and smart phones. The top 10 students from each grade level with the most iReady minutes and passed lessons will be rewarded with a pizza party upon our return!

Packets with printed iReady lessons and learning tips will be provided to students. Please help us to ensure the continued growth of our students by encouraging their completion of their assignments.

Sincerely,

Mrs. Berry, Ms. Frayer and Ms. Russell
St. Andrews Middle School Resource Teachers

Website: [Login.i-ready.com](https://login.i-ready.com)

For smart phones and tablets download the iReady for students app.
