

Welcome To Upper Elementary!

I am Beverly Brown and am thrilled to be your child's new teacher for the coming school year! Forming a partnership with you to do the best we can for your child is of the utmost importance. The partnership we create to foster learning will serve as a great example to the children of how cooperation can yield amazing progress.

I have been part of the Brockman family for nine wonderful years, serving first as Mrs. Anderson's assistant and then as an Upper Elementary teacher for the past five years. I began my career in Richland One in 1989, and all of my experience - both traditional and Montessori - has been with 4th and 5th grades. On a more personal note, I am a Columbia native, and I have been married for 33 years. I have two grown children and a daughter-in-law: my daughter Meredith, my son Paxton, and his wife Victoria.

I have very high expectations for my students and work hard to establish relationships with them that encourage confidence, independence, maturity and success. The children receive support, compassion, and guidance to address their individual needs, which in turn, will enable them to reach their goals and potential.

The possibilities of greatness that come with the new school year are very exciting, and I am blessed to be sharing this journey with your child.
